## About AACSB

AACSB International (AACSB), a global nonprofit association, connects educators, students, and business to achieve a common goal: to create the next generation of great leaders.

AACSB provides quality assurance, business education intelligence, and learning and development services to over 1,700 member organizations and more than 900 accredited business schools worldwide to advance the quality of business education.

AACSB accreditation is known, worldwide, as the longest-standing, most recognized form of specialized accreditation that an institution and its business programs can earn.

Accreditation is a voluntary, nongovernmental process that includes a rigorous external review of a school's mission, faculty qualifications, curricula, and ability to provide the highest-quality programs.
